FOSTER NEWS

[Bobby and Rossa](#)

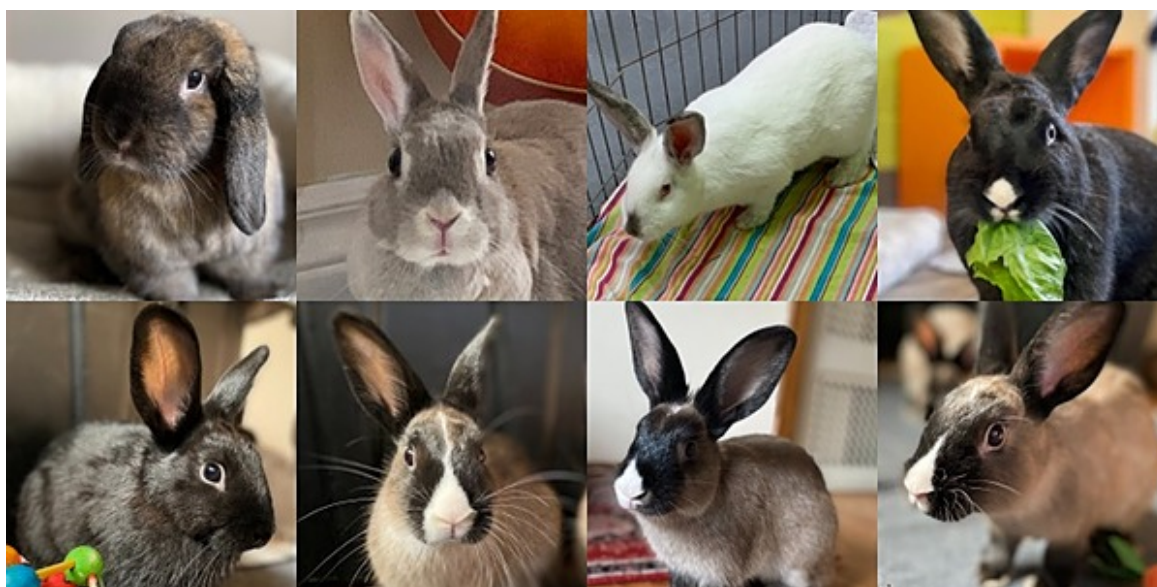

Some of you may be familiar with our pals Bobby and Rossa. These two sweet bonded seniors came into Ladybird's care back in July as strays.

Bumps, lumps and rotten teeth have been removed and they're doing really well in their foster home. Rossa

continues to have issues with a condition called [Lymphangiectasia](#), and her vet thinks there may be another underlying condition preventing her from doing well on her medication and special diet. We're working hard to get to the bottom of these issues so we can begin the process of finding these super sweet pups a loving forever home.

[Bunnies galore!](#)

As hard as this past two years of pandemic life has been on the human population, we're starting to see the impact that Covid may have had on our furry companions. In 2020, with people spending more time at home, pet ownership became more convenient, and having an animal friend as a support buddy seemed like a great idea during a crisis.

Sadly, as we feared, so many of these animals are now ending up in shelters, as life and circumstance shift once again. One of the species most affected by this shift has been bunny rabbits. Ladybird has been receiving so many heartbreaking messages from shelters all over Ontario and Quebec looking for help with the extreme number of rabbits being surrendered. Even though we do what we can to relieve some of this capacity, sadly, many of these furry friends may not see the future they deserve.

Adopting a bunny is a big decision that requires lots of careful thought and research. To find out if a rabbit is the right pet for your family, please [see this excellent resource](#). Currently, Ladybird has eight very sweet bunnies available for adoption: [Penelope](#), [Quinny](#), [Phoebe](#), [Parker](#), [River](#), [Rain](#), [Rutabaga](#) and [Radish](#).
