WELCOME TO LADYBIRD

Betty

Betty was found dragging herself down a road in Hamilton. It's not clear how she was injured, but she was not using her back legs at all. Hamilton Animal Services was called and they picked Betty up and brought her to the vet. Xrays revealed that Betty had a severe break to her femur. She was put on pain meds while she waited for her owner, but nobody came forward to claim her. HAS reached out to us for help, and we were happy to take in this sweet girl and get her fixed up. Betty had surgery with a vet who specializes in these types of breaks and all went well with the surgery. Betty is now recovering in her foster home with lots of cage rest and loving cuddles. Despite how she must've been feeling, she's a happy, purry girl! So sweet!

Welcome to Ladybird, Betty! We're so happy you're here!

Gandalf and Roukie

"These lovely pigs are very curious, and they love to explore during their time out of their enclosure. They stand way up on their tippy toes at the side of their enclosure when they know their daily veggie snacks are coming. They'll also give you some gentle "wheel weeks" until you hand over the greens. They love romaine lettuce, dandelion leaves and parsley." [Learn more...](#)

Congratulations, Happy!

Happy has found his forever home! Happy came to Ladybird as a sweet stray who had heart worm. We were thrilled when he completed his lengthy heart worm treatment, and are even more thrilled now that he's found a loving forever home with a wonderful family. We're so "happy" for you!
