RESCUE NEWS

MYRTLE

Myrtle was surrendered to Hamilton Animal Services by her owner when they could no longer care for her. Myrtle was very frightened when she first arrived at HAS, but she warmed up pretty quickly when she realized everybody there was nice to her. When a foster home opened up, we were happy to get Myrtle out of the shelter. She had a vet visit the next day, and other than needing to lose a few pounds, Myrtle is in good health. We've got Myrtle started on a weight loss diet, and her foster mom will spend the next couple of weeks getting to know her personality. If she stays healthy and happy, Myrtle will be made available for adoption. [Read more...](#)

FOSTER NEWS

CASHEW

Cashew was found as a stray and brought to Hamilton Animal Services. HAS asked us for emergency help because of Cashew's obvious leg injury, and we agreed on the spot. Cashew was sent from HAS to Spencer Creek Animal Hospital where small animal specialist Dr. Stubbs was able to do an exam and x-rays. Turns out, the wonky leg is not broken, but it is dislocated, and may have been so for some time. [Read more...](#)

Sleep well, Bingley

It is with great sadness that we report that **Bingley** lost his fight with cancer on June 27th. We are truly grateful to Bingley's foster mom for showing him the love and care he deserved until the very end. Our hearts are broken.

LOOK WHAT LOVE CAN DO

We truly hope that you all have been keeping safe and healthy during this uncertain time. Navigating this crisis is difficult for most humans, and as advocates we cannot lose sight of how this may affect animals in need. Ladybird is working hard to strategize for the future so that we are ready to help when and where we are most needed.

To help us prepare, there has never been a better time to give what you can. Whether it be a [one-time donation](#), [monthly membership](#), hosting an online [facebook fundraiser](#), or becoming a [legacy donor](#), please give what you can!

Until next time, with love,
