

WELCOME TO LADYBIRD

Meet some of Ladybird's newest rescues

Skipper

Skipper came into Hamilton Animal Services in August as a stray. She was lactating when she arrived, but there were no puppies located anywhere in the area she was found. She's a sweet, happy, young dog who hasn't received any clear training. Sadly, Skipper has heartworm and needed to find a specific foster home scenario where she could safely run the course of months worth of heartworm treatment. Luckily the perfect foster home applied to help her out. We are so happy that Skipper has been gifted a second chance at the very best life. [Learn more...](#)

Wasabi

Wasabi was brought into Hamilton Animal Services after being found as a stray. As well as suffering from a respiratory issue, Wasabi was infested with fleas and had a large open wound on his neck that had likely been caused by a cuterebra (bot fly larvae). This poor guy was having a rough go! Luckily, Ladybird stepped in and was able to help this sweet kitty. His foster home reports that he's the sweetest, purry-est kitten they've ever fostered. A real love bug. [Learn more...](#)

So Many Gerbils

In August, Ladybird rescued four female adult and five baby gerbils, after someone left a box full of gerbils in front of a pet store in Hamilton. We were happy to take **Sunflower**, **Sage**, **Snapdragon**, **Spirea**, and **five babies** under our wing. These cuties will be available for adoption soon.

AVAILABLE FOR ADOPTION

Sweet **Algernon** is still looking for his forever home. Could you be the one?
